## **200 – Candidates**

**200.1 – Filing Deadline for normal nominations process.** Candidates shall file to run for office on forms provided by the State Party Elections Committee, and the filing fee required of this section. Such filings shall be made not later than the second Tuesday in February in the year in which the election shall be held, and not earlier than the first Tuesday in November in the year preceding the year in which the election shall be held.

**200.2 – Qualifications:** All candidates shall be legally qualified, and meet all legal requirements specified under state law, to hold the office to which they seek election, except for residency requirements, by the last day of the normal filing deadline. Residency requirements shall be met by the day prior to the general election. Exceptions may be granted by a majority vote of the State Party Elections Committee. In addition, each candidate must be a Voting Member of the Party at the time they file for office and remain such a member during their candidacy.

**200.3 – Filing Fee:** All candidates seeking office shall pay the sum of \$25 as a filing fee to the Libertarian Party of Kentucky in conjunction with their submission. These funds shall be segregated, and be used solely for purposes of administering the primary election, paying filing fees where needed, funding absentee balloting, and other election related activities. Exceptions may be granted by a majority vote of the State Party Elections Committee.

**200.4 – Limitations per number of offices:** Candidates shall not be permitted to seek more than one office at a time, provided that it shall be permitted for a candidate to run for Governor and Lt. Governor if the candidate runs individually for both offices. However, any candidate who fails to achieve the nomination of the party via the normal nominations process, may be nominated by an executive committee for an office that does not otherwise have a candidate, after the normal nominations process, provided that candidate did not achieve less votes than “none of the above” that year in their respective race.

**200.5 – Attendance at State Convention:** Unless waived by the vote of the State Party Elections Committee for good cause only, Candidates shall attend the state convention and shall participate in any debates scheduled for the particular office.

**200.6 – Governor/Lt. Governor Slate:** A candidate for Governor may run independently for that office, or as a slate with a Lt. Governor candidate. Such election will be made at the time of filing and provided for on the filing forms. Any election to run independently for that office, and not as a slate may be changed to run as a slate until the second Tuesday in February by filing an amended form with the State Party Elections Committee. However, the election to run as a slate may be changed by the Governor candidate up to the point in time that formal nomination for Governor is tallied and certified at the state convention.

**200.7 – Requirement to timely file upon receipt of nomination for office:** A candidate that has been nominated by the State Party at its convention, shall file for office within 45 days of being nominated, or the ability to legally file for office, whichever is later. The State Party Elections Committee may extend this deadline by majority vote in particular cases. Absent a timely filing or an extension, the State Party Elections Committee may rescind the nomination by majority vote, and the vacancy may be filled by the State Party Executive Committee.

**200.8 – Filing Certificates of Candidacy:** All candidates, to receive the certificates of nomination, shall have filed the required statement of candidacy for the office in question by the deadline for doing so.

### **300 – Voting**

**300.1 – Voting at State Convention:** All statewide offices shall be voted at the State Convention. To the extent practical, voters shall only cast votes for offices that represent them. At least one hour, or ten minutes per contested race, whichever is greater, shall be provided at the state convention for voting. The State Party Elections Committee, or its members, may attend any such convention and supervise the voting process, or it may appoint a proxy to do so on its behalf. And questions regarding voting shall be resolved by moving the convention into recess and contacting the Chair of the State Party Elections Committee for a ruling. Voting need not occur within the window of time set forth in the State Party Constitution, as long as it occurs within a scheduled time, and that schedule is provided to the State Party Elections Committee at least fourteen days prior to the convention so that it can be properly advertised.

**300.2 Voting at State Convention for Offices for which there was no nomination or other voting or where NOTA prevails for the existing field of candidates.** Notwithstanding any other State Election Rule, candidates may be nominated from the floor if: (i) no candidate filed for the office in question by the second February deadline, or NOTA prevails over the existing field of candidates; (ii) the candidate to be placed into nomination is verified to be legally qualified to hold the office by the State Party Elections Committee; and (iii) the candidate pays the \$25 filing fee by the close of the State Convention. Any candidate or candidates so nominated from the floor, who accept the nomination, shall be confirmed to be legally qualified by the State Party Elections Committee prior to having their name placed on the ballot. Secret voting shall occur and be balloted as provided. Any candidate voting shall be counted and certified as provided in 300.5 and 300.6, and subject to the challenge procedures in Chapter 400. To the extent practical, voters shall only cast votes for offices that represent them.

**300.3 – Voting itself.** All voting shall be by secret ballot. All candidates shall run against None of the Above (“NOTA”). All voting shall be by instant runoff voting (i.e. preference voting). Any candidate failing to achieve more votes than NOTA in any round of voting shall be eliminated. Prior to giving any voter a ballot, a photo identification shall be obtained and reviewed, and the voter verified as eligible to vote through use of the State Board of Elections website, or other verified means.

**300.3.1: Voting for Governor candidates who are running as a slate:** In the event that a Governor candidate who runs as a slate prevails, then the Lt. Governor candidate in that slate

shall likewise prevail and no separate election shall be conducted for Lt. Governor. In the event that a Governor candidate who is running individually prevails, then a separate election and balloting shall be held for Lt. Governor.

**300.4 – Counting Absentee ballots:** The State Party Elections Committee shall count absentee ballots and shall transmit those results to the respective District Party Secretaries and Chairs, for inclusion in any district results. The results shall also be retained for inclusion in state convention totals.

**300.5 – Certification at State Convention:** All ballots shall be opened and counted by the State Party Elections Committee. This process may be observed and shall be open to the voting members of the party to observe (but not to interfere). Any person interfering may be ejected by the Chair of the State Party or Elections Committee. At the conclusion of counting, each nomination shall be certified by the State Party Elections Committee.

**300.6 – Official Nomination.** Official nomination shall not occur until the nominations forms shall be filled out by the State Party Chair and Secretary, and until they are properly notarized. In the event any candidate nominated fails to file for office by the second Monday in June, the nomination may be withdrawn, and the second-place finisher nominated if that candidate received more votes than NOTA. No nominations shall be issued as long as a challenge is pending, unless, in the judgment of the Chair of the State Party Elections Committee, any challenges are frivolous and dilatory. The completed certifications of nominations shall be mailed to each candidate receiving the nomination upon completion. Certificates of nomination shall conform to state law in placing candidates on the ballot.

**300.7 – Executive Committee Nominations:** After the Annual Convention, one or more Executive Committee conventions (and an Executive Committee may hold as many such conventions as it deems appropriate) may be called by the State Party Elections Committee, with such convention and the persons entitled to vote to be comprised of the Executive Committee in question, for the purpose of nominating candidates, (i) for offices for which the convention did not choose a nominee, (ii) for offices where the candidate nominated at convention has submitted a formal resignation from the political race, (iii) where the candidate nominated fails to file for office by the second Monday in June (iv) or for offices where the selected candidate has been deemed ineligible, following the rules outlined by the State Party Constitution. These conventions need not comply with the requirements of Article VII of the State Party Constitution, but a majority of the Executive Committee at issue shall constitute a quorum, and a majority vote of those attending shall be sufficient to nominate any candidate. Any such nominations shall be transmitted to the State Party Elections Committee within twenty-four hours of the nomination, for certification as provided herein. No candidate may be nominated that received less votes than NOTA in any statewide race in the year in question.

300.7.1 Any Executive Committee wishing to call such a convention should immediately alert the State Party Elections Committee Chair.

## **400 – Challenges**

#### **400.1 – Bona Fides Challenges**

400.1.1 Any Libertarian Voter (as defined in 100.1 of these rules) may challenge the bona fides (i.e. that the candidate is a Voting Member of the party) of a candidate, by filing, not later than one week prior to the convention at which the candidate will be nominated, a formal protest. The protest need not be accompanied by any filing fee. The State Party Elections Committee Chair shall conduct a preliminary determination of the issue, and, if it appears that the candidate is not a Voting Member of the party, shall refer the matter to the Committee for adjudication under 400.5. Alternatively, the State Party Elections Committee Chair may dismiss the matter.

400.1.2 Alternatively, the State Party Executive Committee may, until the second Tuesday in June, vote to challenge the bona fides (i.e. that the candidate is a Voting Member of the party) of a candidate, by filing, not later than one week prior to the convention at which the candidate will be nominated, a formal protest with the State Party Elections Committee. The protest need not be accompanied by any filing fee. The matter shall be adjudicated under 400.5.

#### **400.2 – Challenges to the legal qualifications to hold the office**

400.2.1 Any Libertarian Voter may challenge the legal qualifications of a candidate to hold office (i.e. that the candidate meets all requirements under state law to hold the office) until the last Tuesday in May, by filing a formal protest with the State Party Elections Committee. The State Party Elections Committee Chair shall conduct a preliminary determination of the issue, and, if it appears that the candidate is not legally qualified, shall refer the matter to the Committee for adjudication under 400.5. Alternatively, the State Party Elections Committee Chair may dismiss the matter.

#### **400.3 – Challenges to the Platform or messaging of the candidate or occurrences in the event Voting Member Status is revoked**

400.3.1 The State Executive Committee, until the second Tuesday in June, may vote to challenge a candidate based on the fact their messaging or platform is so much of a deviation from the national and/or state party as to constitute a clear and present danger to the party. Any such matters shall be referred to the State Party Membership Committee, which shall make a recommendation concerning the continued membership of the candidate in question to the State Party Executive Committee as provided in the State Party Constitution. In the event that the State Party Executive Committee revokes the membership of a candidate, prior to the second Tuesday in July, the nomination shall be withdrawn.

#### **400.4 – Challenges to the results of the election**

400.4.1 Any Libertarian Voter may, within two business days of an election at convention, challenge the results of any election. Any such challenge shall include:

- a. The name of the person who is making the challenge;
- b. A copy of photo identification for the person making the challenge which included name, address, and date of birth; and

c. The grounds on which the results are being challenged.

400.4.2 Any two members of the Executive Committee of the State Party shall further be entitled to raise a challenge under this section, and any such challenge from a member of the State Party Executive Committee, may occur until the first Monday in August.

400.4.3 Any challenges under these sections shall be resolved expeditiously, and within seven days. The Chair of the State Party Elections Committee may summarily dismiss any challenges under 400.4.1, if they are frivolous.

#### **400.5 – Adjudication Procedure**

400.5.1 Any matter that requires adjudication shall be referred to the entire State Party Elections Committee. The Chair of that Committee shall immediately provide a copy of the charge or grounds for challenge, to the candidate seeking nomination (or who has been nominated). The candidate shall be entitled to file a response within three business days. The failure to file a timely response may be determined by the Chair to constitute a default, and, in that event, the challenge may be upheld. Further, if a response is filed that admits the basis of the challenge, the Chair may likewise enter an order upholding the challenge.

400.5.2 Absent a default or an upholding of the challenge as provided in 400.5.1, the State Party Elections Committee shall then hold one or more hearings, including by telephone, to receive evidence and testimony. Evidence need not be admissible in a court of law, and the ruling of the State Party Elections Committee Chair on questions of admissibility shall be binding, subject to being overturned by a 4/5 vote of the remainder of the committee. The Chair may permit filings by e-mail or electronically in order to expedite the resolution of the matter.

400.5.3 The Committee, or its members, may conduct its own investigation into any allegations in advance of a meeting or hearing.

400.5.4 Upon the conclusion of the hearing, the Committee shall vote, by at least a 3/5 vote of those present and voting, whether to sustain the challenge. If a challenge is sustained, the Committee shall also vote on the appropriate remedy, which may, but need not, include: (i) censure of the candidate; (ii) removal of the candidate's nomination; (iii) disqualification of the candidate; (iv) adjustment of vote totals; (v) readjustment of election results; or (vi) other such remedies as the Committee believes is just and proper. Votes on remedies shall also be by 3/5 vote.

400.5.5 All deliberations shall be in closed executive session, but all final votes of the committee shall be in open session.

#### **500 – Forms**

The Chair of the State Party Elections Committee shall develop the forms called for under these rules, and make them available on the state party's website not later than January 1 of each year.
